Rafael Torres, manager of Ramada Inn-Chilton Conference Center, is branching out to the home improvement business, having just opened a Yuma-area franchise for Fresh Coat. His mission is to provide local homeowners with professional painters, quality workmanship and eco-friendly paint options to provide a stress-free home improvement experience.

Fresh Coat is one of the painting industry's fastest-growing interior painting franchises. The company also recently rolled out a new commercial program to extend its painting services to businesses, schools, hospitals and restaurants.

For more information, visit www.freshcoatpainters.com. "Whether they are selling or staying, people are always looking for affordable ways to freshen up their homes," Torres said.
